CLIENT:
LOCATION: Wrexham
CURRENT SUPPLIER: Dee Valley Water Welsh Water Sewerage
DESC. OF SUPPLY: Metered
ACC. NO: 0 12 345 8678

Total annual water consumption: 30,000m³
Total water and waste water costs: £46,000.

Taking into consideration staff levels and water use on site we feel there is potential for reducing the total annual charges by between 20% to 30%.

A site survey will be required in order to identify the specific areas of savings and report back with recommendations and a detailed specification of works to achieve the savings and costs to complete the works. (payback average 3 / 9 months)

A detailed written report will be produced for action and subject to approval we will complete the work to achieve the cost reductions as outlined within the report.

Recommendations:

To attend site to carry out a site survey and submit a detailed report as to recommendations to achieve savings, specification of works, cost and a payback estimated at 6 months.

Fee

Site survey and report fee £fixed.

Potential Annual Savings:

£ 9,000 to £13,800 subject to survey.
